1/16/01	R00-02-005	Order Instituting Rulemaking on the Commission's own motion into reciprocal compensation for telephone traffic transmitted to internet services providers modems.
---------	------------	---

Summary: On January 12, 2001, Andrew Ulmer, Counsel for the California ISP Association, Inc., sent a letter (attached to the notice) to Cmmr. Wood. In the letter, Ulmer responded to a letter by Pacific Bell's (PacBell) attorney, which introduced facts not in the record. Ulmer stated that the record demonstrates that the elimination of reciprocal compensation will force competitive local exchange carriers to recover the costs of transporting and terminating traffic originated by Pacific Bell's (PacBell) subscribers from Internet Service Providers (ISPs). Ulmer explained that ISPs in turn would incur increased operating expenses, which they will need to pass onto their customers. Ulmer stated that it would be more appropriate for PacBell to request that the Commission reopen the hearings if it seeks to introduce new evidence.
